

## Before and After using Curtain Call Roman Shade system(US patent no. 7,523,777)

### Two outstanding differences from the images shown below:

- **Curtain Call roman shade system is the only one that guarantees the perfect alignment.**
- **Curtain Call roman shade system can have front and back roman shades(called roman twin system).**  
(Roman Twin systems are suitable for the cases that we do not want to show the back side of roman shades, such as hotel lobby or restaurant or even house in the ground floor)
